

# New Worldwide Retail Locator Available on Cummins Filtration Web Site

Cummins Filtration recently launched the online Worldwide Retail Locator on [cumminsfiltration.com](http://cumminsfiltration.com). This new service directs customers to the most conveniently located retailers of Fleetguard® filtration, exhaust, coolant and additive products and Cummins filters based on their own customized search. Information can be retrieved by country, city, state/province, landmarks or phone number, depending on the region. Searches can also be performed using a regional map.

To use the Worldwide Retail Locator, simply go to [cumminsfiltration.com](http://cumminsfiltration.com) and click "Retail Locator" in the navigation bar along the left side of the screen, as shown to the left.

Our products are sold by over 33,000 retail locations worldwide through an extensive network of Cummins and independent distributors and OEM dealers. This tool makes it easy to do business with Cummins, linking our end user customers with our dealers and distributors around the world. The Worldwide Retail Locator is designed to be convenient and user-friendly so that customers can quickly search and retrieve information to meet their needs

The new service also provides information on driving directions and local weather. Directions can be printed out or downloaded to a PDA. Additional information such as nearby hotels and campgrounds is also available.
