

LF14000NN Cummins Applied Maintenance Kits

As part of Cummins' transition from the LF9080 to the LF14000NN filter, new maintenance kits have been developed to include the LF14000NN with NanoNet® media. Customers are encouraged to purchase the new kits for maximum protection of their Cummins engines. The listed Part Numbers are included in the new Maintenance Kits.

Old Part Number	New Part Number	FILTER P/N	FILTER P/N	FILTER P/N	FILTER P/N
