

New Diesel Exhaust Fluid (DEF) Program for North America

Cummins Filtration is excited to announce a partnership with Old World Industries as the exclusive manufacturer, packager, and distributor for Fleetguard® Diesel Exhaust Fluid in North America. Fleetguard DEF is the only DEF product endorsed by Cummins Inc. and is the recommended product to support engine platforms that utilize SCR technology. The partnership will leverage Old World's superior supply chain and distribution capabilities to meet future market demand for Fleetguard DEF while providing our customers with a trusted, and recognizable brand at a competitive price.

Fleetguard DEF endorsed by Cummins will be offered in the following package sizes:

Part #	Part Description	Package Size	Units per Pallet
CC2903	Fleetguard-Cummins DEF	2.5 Gal	80
CC2904	Fleetguard-Cummins DEF	55 Gal	4
CC2906	Fleetguard-Cummins DEF	330 Gal	-
CC36057	Fleetguard-Cummins DEF	Bulk	-

Please use the link below to find the nearest distributor regarding availability and pricing for Fleetguard DEF. For all bulk DEF (>5,000 gallons) inquiries, please contact your Cummins Filtration Sales Representative.
