

Cummins® Heavy Duty Engines Lube Filter Comparison Fleetguard® vs. Baldwin®

**Cummins® Heavy Duty Engines Lube Filter Comparison
Fleetguard® vs. Baldwin®**
There is no substitute for patented Fleetguard solutions with Fleetguard® advanced media.

It's All About Total Cost of Ownership

An engine oil's main method to stay on track with engine development, Fleetguard filters have also evolved to help maximize engine life, improve fuel economy and reduce downtime. Other filters may be less expensive, but our **superior 2-in-1 media design** delivers the lowest cost of ownership of any filter on the market. Here's how we stack up against Baldwin filters.

Fleetguard® Media
Proven Super 2-in-1 media design offers up to 100% more protection.

Baldwin® Media
Proven media filter, but still can't compare long term engine health.

Comparison:
Better Fuel Economy with Fleetguard

Through superior efficiency with Cummins, our 2-in-1 filter is fully responsible engine oil in long-term filter design that last. However, Cummins Filter developed for LT36580 is far better than other Baldwin fuel economy oil filter. Our filter is 3x longer lasting while still meeting OEM requirements.

Fuel Economy Savings Per Year
For a fleet of 1,000 trucks

Filter	Savings
Fleetguard	Saves \$20,833
Baldwin	Saves \$10,000

Fleetguard LP1400MN Filter vs. Baldwin LT36580 Filter

**Fleetguard LP1400MN
Cummins Filtration Means:**

- Cummins Recommended & Warranted
- Industry Leading 2-in-1 Media Design
- Low Total Cost of Ownership
