

Sea Pro® FH240 Series

Sea Pro® FH240 Series

All-In-One Fuel Filter, Fuel/Water Separator
with NanoNet® Media for Marine Diesel Engines

New Fleetguard FH240 series Sea Pro® stage-1 fuel water/separator is set to REVOLUTIONIZE the marine industry.

Features & Benefits

- **Removes** the need for two separate stages of pre-filtration.
- **Eliminates** the requirement for mid-life fuel injector replacement with NanoNet® technology.
- **Extends** service maintenance intervals far beyond current industry standards.
- **Features** an all-steel, erosion-treated plex'd body.
