

Fleetcool

Proven Performance:

- Fully formulated to meet ASTM D6210, ASM D3306, Cummins CES14603 and CES14439
- Approved for use in Detroit Diesel engines
- Phosphate-free coolant

Valuable Versatility:

- Offered in ethylene glycol
- Available in 50/50 (RTU) or Concentrate (Full Strength)
- Recommended for use in heavy-duty and high-horsepower applications powered by diesel

Simple Serviceability:

- No SCA pre-charge required
- Test at oil drain interval
- Maintain with liquid DCA-2 or chemically active water filters as needed

Fleetcool	EG Concentrate	EG PreMix
Bulk	CC8965	CC8970
55 Gallon Drum (208 L)	CC8967	CC8972
(3) 1 Gallon Bottles (3.78L)	CC8969	CC8974 CC8974X (Canada Only)
275 Gallon Plastic Tote (1040 L)	CC8965USR	CC8970USR

Fleetguard coolant part numbers apply to both U.S. and Canada, except where separate part numbers are noted.
