

# Fleetguard® FS20175 Fuel Filter Elements for DAVCO® Diesel Pro® 385 Fuel Processors

## Genuine Filtration Solutions.

Specifically designed to meet the needs of Detroit™ DD13, DD15 and DD16 engines, the Fleetguard FS20175 is a direct replacement for your OEM fuel filter element found in DAVCO® Diesel Pro® 385 fuel processor housings.

The new Fleetguard fuel filter element offers a three-stage water removal architecture to combat the severe challenges of water in diesel fuel commonly faced by equipment operators today.

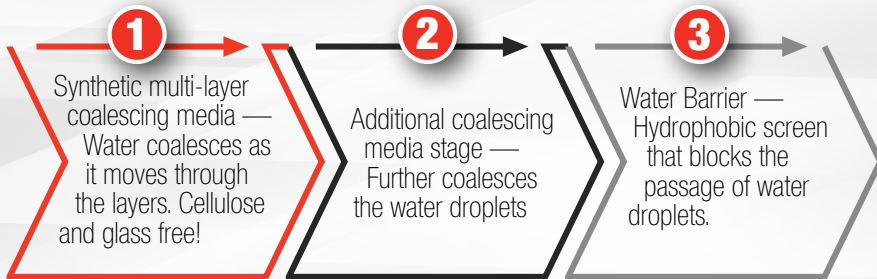

OEM Part Number	Fleetguard Part Number	Dimensions
A0000385007	FS20175	7.36 in. x 4.33 in. 186.94 mm x 109.982 mm

**The FS20175 also meets DTNA specifications on DD13, DD15, and DD16 Engines.**

# ADVANCED WATER REMOVAL

To meet engine manufacturers' requirements of high particle removal efficiency in severe water-in-fuel conditions, the latest Fleetguard advanced fuel/water separation architecture has been utilized for maximum protection.

## Best Warranty in the Business.

Fleetguard products ensure equipment performance and protection that meets or exceeds OE specifications. Rest assured your filtration system is covered with the Cummins Filtration non-prorated warranty.
