

Fleetguard[®] FS20194 Fuel Filter Elements for DAVCO[®] Fuel Pro[®] 385 Fuel Processors

Genuine Filtration Solutions.

Specifically designed to meet the needs of Cummins X12 and X15 engines. The Fleetguard FS20194 is a direct replacement for your OEM fuel filter element found in DAVCO[®] Fuel Pro[®] 385 fuel processor housings

The new Fleetguard fuel filter element offers a three-stage water removal architecture to combat the severe challenges of water in diesel fuel commonly faced by equipment operators today.

OEM Part Number	Fleetguard Part Number	Dimensions
385015	FS20194	7.36 in. x 4.5 in. 187mm x 114.3mm

The FS20194 meets EPA 2017 and above requirements for advanced water removal and is applicable to Cummins X12 and X15 engines.

ADVANCED WATER REMOVAL

To meet engine manufacturers' requirements of high particle removal efficiency in severe water-in-fuel conditions, the latest Fleetguard advanced fuel/water separation architecture has been utilized for maximum protection.

Best Warranty in the Business.

Fleetguard products ensure equipment performance and protection that meets or exceeds OE specifications. Rest assured your filtration system is covered with the Cummins Filtration non-prorated warranty.
